Wireless Motion Sensor
LED Spotlight

Item #
MB360 Dark Brown
MB330 White

Key Features

• **Motion/Light Sensor**: The Spotlight instantly turns on when it detects motion from up to 30 feet away. The light sensor helps to prevent light from activating in daylight.

• **Easy to Install**: No wires = quick and easy installation in under 5 minutes; no electrician required.

• **Energy Efficient**: Our high quality LEDs never need to be replaced. It's so efficient, you will get more than 40 hours of light on one set of batteries.

• **Bright LEDs**: The bright, powerful LED provides 140 lumens of bright white light. Designed with custom optics for the perfect intensity and focus.

• **Multipurpose**: Brightly light up patios, decks, porches, yards, stairwells, hallways, garages, entrances/exits.

• **Durable, Weather Resistant**: Tight seals and UV resistant material allow the Mr. Beams Spotlight to work in all weather conditions.
